

# Knowledge Management: 101 things to know

## A Knowledge Briefing from *David Skyrme Associates*

Everyone is looking for experts on knowledge management. You probably know a lot about it already but have not used the 'knowledge' label. This knowledge briefing tells you the essential things you need to know to talk expertly on the subject of knowledge. If you still feel the need for more in-depth practical knowledge consult our related briefings at our web site (<http://www.skyrme.com/kshop> ). These include *Making Sense of Knowledge Management* and *Seven Ways to Add Value through Knowledge*.
